Did you know?

Missouri DECA is only 354 members from reaching **10,000**. Increase your chapter membership and do your part to help our state in its 60th year by recruiting DECA members. Don't stop with your students. Wouldn't your **judges, administrators, former DECA members, advisory council members, and training station sponsors** like to experience the difference all year long? Sure they would! Sign them up as professional or alumni members for only \$10!

- The **deadline** for submitting the initial roster is midnight **November 1**.
- **Please ensure your central office sends payment to Missouri DECA, not National DECA.**
- DECA dues are non-transferable and non-refundable. If a student transfers to your program and has paid dues at another chapter within state, they do not have to pay state and national dues again. If they have transferred from another state, they do not have to pay national dues, but must pay state dues.
- Carefully proofread the names of all members you submit on the roster to be sure names have not been omitted or entered twice.
